

FOR IMMEDIATE RELEASE

## Cladtek Chooses Epicor ERP for Global Implementation

**AUSTIN, Texas and SINGAPORE, April 7, 2015** -- Headquartered in Singapore, world-leading manufacturer of CRA clad and lined pipe for the oil and gas industry, Cladtek Holdings Pte Ltd (Cladtek), has chosen to implement Epicor's next-generation enterprise resource planning (ERP) solution -- [Epicor ERP 10](#). As one of the largest consumers of Nickel alloy welding wire in the world, Cladtek provides CRA clad and lined pipe solutions and weld overlay cladding to global markets. With this latest win, Epicor Software Corporation, a global leader in [business software solutions](#) for manufacturing, distribution, retail and services organisations, continues to build momentum across Asia Pacific.

Epicor ERP 10, specifically designed for manufacturing industries, will be adopted by Cladtek users around the world. Cladtek will benefit from the solution's entire suite of modules including CRM, Sales Management, Financial Accounting, Production Management, Project Management and Supply Chain Management.

"As our business grows globally, we need a professional, state-of-the-art system that allows us to better control our operations, gives us greater access to data, make informed business decisions and helps us to be more efficient," said Cladtek Group Chief Executive Officer R.J. Waugh. "Epicor came highly recommended and they made a huge effort to understand our business; giving us the confidence that they are able to implement the system in line with our specific requirements. The user-friendly interface and adaptability of the system were also really appealing to us, as user adoption is going to be critical to the success of the project."

"More and more manufacturing organisations across Asia Pacific are considering and choosing Epicor ERP 10, thanks to the system's many features that cater to the complex needs of the manufacturing industry," said Craig Charlton, senior vice president, Epicor Asia Pacific. "We are delighted to be partnering with Cladtek to help boost their productivity and increase the transparency of their business operations with Epicor ERP 10. We are confident that the system will have a real impact on Cladtek's business."

The newest features of Epicor ERP include support for multiple data sources, and the means to publish dashboards to mobile devices and Microsoft SharePoint sites for improved collaboration. An all new graphical business process management workflow designer enables businesses to model and deploy business processes easier and faster than ever before.
