Epicor Congratulates Consolidated Gypsum and Roofing Supply as a Winner in the 2016 Golden Bridge Awards

Canadian Drywall and Roofing Supplier Recognized for its North American Deployment of Epicor BisTrack Software

Epicor Software Corporation, a global provider of [industry-specific enterprise software](#) to promote business growth, announced today that [Consolidated Gypsum and Roofing Supply](#), a user of Epicor BisTrack software in North America, has been named a winner in the 2016 Golden Bridge Awards in the category of *Best Deployment of the Year in Canada*.

Consolidated Gypsum and Roofing Supply, a lumber and building materials distributor of drywall, roofing, and related products with six locations in Alberta and Saskatchewan, recently upgraded their business management software to the [Epicor BisTrack](#) system. The company selected the BisTrack solution to replace an aging legacy system and has experienced real benefits in terms of workflow, with the control and flexibility to monitor sales orders and the delivery process. Additionally, the visibility of the entire order process from within BisTrack software's dispatch functionality makes the company more efficient—a crucial aspect in the competitive environment in which they operate.

"We selected Epicor BisTrack software for its overall workflow, ease of use, and the business intelligence it offered," said David

Archutick, chief financial officer, Consolidated Gypsum and Roofing Supply. "Epicor BisTrack software allows us to quickly view and analyze our business metrics and strategize how to operate amid market fluctuations -- the Epicor BisTrack system has been a huge win for us."

The coveted annual [Golden Bridge Awards](#) program encompasses the world's best in organizational performance, innovations, products and services, best deployments, and more from every major industry in the world.

"Epicor BisTrack software users in North America are experiencing tremendous operational improvements," said Jason Parchomchuk, product manager, Epicor Software. "It's an honor to have
