Four Lawn and Garden Retailers to Implement Epicor Eagle N Series to Outservice the Competition

*Intuitive Retail Management Capabilities and Extensive Analytics
Provide Actionable Business Insight to Streamline Operations,
Promote Growth and Deliver Superior Customer Experiences*

AUSTIN, Texas, March 4, 2015 -- Epicor Software Corporation, a global leader in [business software solutions](#) for manufacturing, distribution, retail and services organizations, today announced that four lawn and garden retail businesses -- [Driftwood Garden Center](#), [Hillermann Nursery & Florist](#), [Nicholson-Hardie](#), and [Ray Wiegand's Nursery](#) -- are implementing the [Epicor® Eagle N Series™](#) retail business management solution to gain valuable business insight and improve operational efficiency to support business growth and profitability -- and ultimately outservice the competition.

Today, Epicor Eagle N Series helps hundreds of independent lawn and garden centers across North America create more efficient, more profitable businesses that result in more satisfied customers and increased customer loyalty. The solution is a complete, fully integrated solution backed by an extensive Epicor network of consulting, training and support services, and over 40 years of retail knowledge to help retailers become more successful. From the customer-facing Epicor Eagle® point of sale system that delivers more personalized customer service leveraging wireless and mobile tools, special order processing, and more, through to integrated inventory management, purchasing and receiving – retailers have the information they need to make faster, more informed decisions.

Driftwood Garden Center Realizes Immediate Results in Back Office Operations

“Epicor Eagle N Series is a tool that makes running a lawn and garden business vastly efficient,” said Brad Hazelett, co-owner of Driftwood Garden Center. “As a business that just recently launched the new solution, we can already see it improving the way we do business -- especially in our back office operations with access to real-time data and enhanced reporting features.”

Hillermann Nursery & Florist Values Actionable Business Insight

Success of lawn and garden businesses revolves around a well-tracked and efficient inventory management process. Hillermann Nursery & Florist is positioned to benefit significantly from improvements to its inventory management process with Eagle N Series.

“We have been an Epicor customer for nearly 20 years,” said Sandi Hillermann-McDonald, president of Hillermann Nursery & Florist. “It is essential for our business to utilize intuitive technology found in the Epicor Eagle N Series solution to remain competitive and drive our business forward. We wanted

to increase our reporting capabilities -- Eagle N Series gives us that functionality and it's going to be very beneficial for us."

"We stock some of the most perishable items in the retail industry -- unfortunately plants don't live forever," said Hillermann-McDonald. "The new Epicor Eagle N Series solution will help us streamline the transfer of inventory from one department to another -- allowing us to operate more efficiently and improve our margins."

Retailers Experience Bottom Line Growth with Eagle N Series

"With better access to business analytics, independent retail business owners and managers very quickly recognize the bottom-line benefits of the Epicor Eagle N Series solution," said Doug Smith, director, product management and marketing, retail distribution solutions for Epicor. "With the right tools and a strong business partner like Epicor, retailers can take their businesses to the next level."
