Epicor Named SIIA Business Technology CODiE Award Finalist

Epicor ERP Earns Prestigious Industry Recognition

Epicor Software Corporation, a global provider of [industry-specific enterprise software](#) to promote business growth, today announced that its [enterprise resource planning](#) (ERP) business software, Epicor ERP, was named a finalist for the 2016 SIIA CODiE Awards in the *Best Collaboration Solution* category. Finalists represent the information industry's best products, technologies, and services in the software, content and business technology.

Backed by more than forty years of industry expertise, Epicor ERP is a powerful solution—available in the cloud or on-premises—delivering rich global functionality built on a visionary, agile technology platform that eliminates complexity to make ERP easier to use, more [collaborative](#) and more responsive. Epicor ERP offers a modular approach with robust capabilities focused on reducing costs, streamlining processes, and improving customer responsiveness across the enterprise—all top priorities toward achieving continued business growth and profitability.

"I am amazed by the level of innovation and creativity of the products that have been selected as this year's CODiE Award finalists. We are happy to recognize them for their great contributions and impact they are making on the software, content and business technology industries," said Ken Wasch, President of SIIA.

The [SIIA CODiE Awards](#) are the premier awards for the software and information industries, and have been recognizing product excellence for over 30 years. The awards offer 91 categories that are organized by industry focus of education technology and business technology. Epicor ERP was honored as one of 215 finalists across the 62 business technology categories.

"We are proud to be recognized as a finalist in the SIIA CODiE Awards program," said Janie West, senior vice president and chief product officer for Epicor. "Epicor ERP is a solution that delivers powerful functionality fostering collaboration across an organization, with a strong return on investment and ease of use at the forefront. This recognition is a testament to our continued

Epicor ERP honored as one of 215 selected CODiE Award finalists across 62 business technology categories.

"This recognition is a testament to our continued investment in creating a solution that supports every aspect of a business."
