Epicor Announces the 2016 Customer Excellence Award Winners for Lumber and Building Materials

Companies Leveraging Epicor LBM Solutions and Services in North America Are Recognized at Annual Epicor LBM User Conference

Epicor Software Corporation, a global provider of [industry-specific enterprise software](#) to promote business growth, announced today the winners of the 2016 Epicor Customer Excellence Awards program for lumber and building materials (LBM) users in North America. The inaugural [awards program](#) recognizes innovative LBM businesses that have successfully transformed operations by deploying Epicor solutions and services to achieve excellence in business efficiency, customer experience, and overall performance.

The following companies are 2016 Epicor Customer Excellence Award winners for LBM in the Americas regional program:

- [Stimson Lumber Company](#) is the **Business Transformation** winner, chosen for significant improvements in operational efficiency and intelligent planning from their use of [Epicor LumberTrack](#) software to consolidate operations and financial information in their seven mills.
- The winner in the **Technology Innovator** category is [Sunroc Building Materials](#), selected for their intelligent pricing and commissions management reengineering initiative enabled by [Epicor BisTrack](#) software -- leading to a 30% increase in margin.

“Congratulations to Stimson Lumber and Sunroc Building Materials for their win in the 2016 Epicor Customer Excellence Awards for LBM,” said Craig McCollum, executive vice president, Epicor Software. “It’s an honor to partner with these businesses and work hand-in-hand with them to successfully grow through their utilization of innovative technology.”

EVP, Americas
Epicor Software*

Criteria used to evaluate nominations included customer, employee and business impact, process improvements, and positive changes gained within the organization to demonstrate benefits and impact of the technology on the customers' business. Project complexity, business objectives, and results achieved were also weighed in the final decisions.
