Epicor Named Finalist in 2015 Info Security Products Guide Awards***11th Annual Global Excellence Awards Winners Will Be Honored in San Francisco during Awards Dinner and Presentation on April 20, 2015***

AUSTIN, Texas, March 9, 2015 -- Epicor Software Corporation, a global leader in [business software solutions](#) for manufacturing, distribution, retail and services organizations, today announced that Info Security Products Guide, the industry's leading information security research and advisory guide, has named the new Epicor Data Security Review service a 2015 finalist in the 11th Annual Global Excellence Awards in the *New Product or Service* category. These prestigious global awards recognize security and IT vendors with advanced, ground-breaking products and solutions that are helping set the bar higher for others in all areas of security and technologies.

Announced in [February 2015](#), Epicor Data Security Review is a data protection service designed to help independent retailers -- leveraging the [Epicor Eagle](#) retail business management solution -- mitigate the risk of a data breach through improved protection and management of business and customer data. The new service makes information and tools needed to pursue PCI compliance, customer data protection, and business data security available to retailers.

"We are proud to be recognized as an industry player in data security and named a finalist by Info Security Products Guide," said Mark Fair, vice president, customer services and support, retail distribution solutions for Epicor. "The Epicor Data Security Review will help retailers take the next steps toward safeguarding their business environment. We believe this recognition from Info Security Products Guide further validates our commitment to our customers and their security needs."
