Eriango Group Selects Epicor ERP

Dubai-Based Group to Implement Epicor ERP version 10 Across Middle East and Africa

United Arab Emirates, Dubai, November 3, 2014 -- Epicor Software Corporation, a global leader in [business software solutions](#) for manufacturing, distribution, retail and services organizations, today announced that Eriango Group, a multinational conglomerate based in Dubai with subsidiaries and sister companies across the Middle East, African region, China and the USA, will be implementing the latest version of the next-generation enterprise resource planning (ERP) solution, Epicor ERP 10. This will enable the Eriango Group to integrate all its business verticals on a common platform for quick response, flexibility and cost reduction.

Index InfoTech, an Epicor Authorized Value Added Reseller and a member of the Epicor Inspired Partner Network in the UAE will implement Epicor ERP for Eriango Group.

Eriango Group selected Epicor ERP because of its multi-industry and multi-vertical adaptability, its ease of use, its scalability and because it's built on a modern and robust technology platform.

"Eriango Group is a multinational corporation with interests in a wide range of business sectors and we believe that Epicor ERP 10 is the right solution for our company," said Mr. Salam Al Saraf, CEO, Eriango General Trading LLC. "With the deployment of the solution, we are looking forward to controlled management of our manufacturing units that will give us complete visibility across all operations right from procurement to manufacturing and from quality inspection to distribution. We have absolute trust in Epicor and plans are underway for a global rollout."

"Eriango Group needed a solution that could integrate all its businesses, including distribution, manufacturing, construction management and hotels, into a unified platform," said Jawad Squalli, regional vice president for Epicor in the Middle East, Africa & India. "Epicor ERP 10 eliminates complexity, enables collaboration and increases responsiveness. We are looking forward to rolling out Epicor ERP and inspiring the Eriango Group globally."

Eriango Group is one of the leading groups in the field of distribution, agro-food processing, trading and manufacturing of various FMGC commodities. The company has diversified into bike distribution, catering, ship chandelling, construction and hotels.

Epicor business software solutions are designed to inspire and maximize productivity across the entire organization. It continues to forge strategic partnerships with some of the leading names in the industry to streamline the manufacturing, distribution, services, retail, and hospitality processes via innovative approaches to designing, building, and using ERP systems.
