

FOR IMMEDIATE RELEASE

Epicor ERP to Drive Growth and Collaboration for METRADE International FZE

Dubai, United Arab Emirates, August 10, 2015 -- Epicor Software Corporation, a global leader in [business software solutions](#) for manufacturing, distribution, retail and services, has announced that [METRADE International FZE \(METRADE\)](#), a leading stockist and supplier of all kinds of valves, pipes, flanges, fittings, and other essential materials for the energy sector, has chosen to implement the next-generation enterprise resource planning (ERP) solution – Epicor ERP 10 – to drive growth and collaboration throughout its business. [RiSOLVE Technologies](#), an authorized gold partner reseller and service provider for Epicor ERP will carry out the implementation.

METRADE selected Epicor ERP due to its robust global functionality. The software is built on agile technology that eliminates complexity and makes ERP easy, collaborative and responsive. The company was particularly impressed with the solution's excellent back-office functionality, which will address key challenges in the order fulfilment cycle. The software deployment, which will take place at METRADE's Sharjah office, UAE, will replace the business's old ERP solution, increasing its operational efficiency, improving record keeping and enhancing regulatory compliance.

Aadil Khan, managing director for METRADE, said, "METRADE selected Epicor ERP based on the capability and knowledge of Epicor as a solution partner and the team's tremendous consulting experience and expertise. We were particularly impressed with their execution methodology. They showcased an end-to-end solution with high system capabilities, module integration, scalability and flexibility. We are confident that once the deployment of Epicor ERP is complete, it will drive our company towards continued growth and profitability."

"Epicor ERP is a complete solution based on the five basic principles of responsiveness, collaboration, mobility, choice and simplicity. It is designed to enable METRADE to streamline its processes and improve customer responsiveness. We are certain that METRADE will benefit from the robust capability and agile platform of Epicor ERP, helping it achieve sustained growth and explore new possibilities," concluded Anish Kanaran, channel director for Epicor in the Middle East, India and Africa.

Epicor business software solutions are designed to inspire and maximize productivity across an entire organization. The company continues to forge strategic partnerships with leading industry names to optimize manufacturing, distribution, services, retail, and hospitality processes via innovative approaches to designing, building, and using ERP systems.

[RiSOLVE Technologies LLC](#) is a fast growing consulting services firm specializing in ERP and IT strategy, business process re-engineering, organizational change management, project management and ERP staffing services to name a few. Based out of Dubai they deliver solutions across the globe. As an Epicor gold partner they assist their clients throughout the ERP implementation lifecycle. With over 50 years of consolidated industry experience their team of professionals is not only certified by Epicor, they are also experts in Six Sigma.
