

Eagle Mobile+™

Product

Epicor® Eagle®

Benefits

- ▶ Intuitively manage inventory from anywhere you have connectivity
- ▶ Provide list and loyalty pricing and inventory checks for a customer in the aisle
- ▶ Quickly update physical inventory and check the count status of item lists
- ▶ Utilize existing label formats for consistent visual merchandising
- ▶ Check item sales by month, last 12 months, or last year from anywhere in the store

Retailers' need to manage inventory hasn't changed, but mobility in today's environment certainly has. Whether working inside or outside the four walls of your business, you will eventually need to service customers or manage product data on the spot. When you have instant information access along with the ability to make changes immediately, you can reduce the time spent in front of your workstation—which improves operational efficiency. Imagine if everyone who works in your store could be this mobile. It's possible with Eagle Mobile+.

Eagle Mobile+ is the next generation mobile platform for Epicor® Eagle®. This app not only has an intuitive user interface but is also familiar to all those who utilize the Eagle RF-Based Eagle Mobile solution. Eagle Mobile+ provides the core inventory management and physical inventory features you rely on in Eagle. The main applications in Eagle Mobile+ are Inventory Management, Location Management, Label Printing, and Physical Inventory. New applications for Receiving/Purchasing, Analytics, Delivery, and Customer Relationship Management will be available in future releases.

Eagle Mobile+ is designed for today's mobile platforms, iOS and Android™, which are widely available. This means making the solution available to more associates has never been easier. Eagle Mobile+ installs quickly and allows you to update inventory, add UPC codes, and print new labels to maintain your shelves from virtually any device.

You can also improve customer service by providing on-the-spot information for customers on specific items. Eliminating the need to go back to the checkout counter or workstation, Eagle Mobile+ can quickly check list price, loyalty price, quantity on hand (QOH), quantity on order (QOO), and when the next order is arriving on any item in real time.

With the freedom Eagle Mobile+ brings to you and your employees, your business can focus on what is important—serving your customers.

Key features

Manage more on the retail floor

- ▶ Check last sale date and sales history by month, year-to-date, last 12 months, or last year
- ▶ Check QOH, QOO, and arrival for the next order
- ▶ Change retail price or replacement costs and write directly to the master inventory file

Provide faster customer service

- ▶ Provide quick price checks for customers in the aisle
- ▶ Tell customers when their item will be arriving
- ▶ Find multiple locations of items for customers

Quickly reprint labels for an entire location

- ▶ Quickly scan an entire location in order and print out new labels in the same order
- ▶ Print labels on the fly with a portable printer
- ▶ Print to a laser printer with your own custom format

Eliminate shut-down days for inventory

- ▶ Take physical inventory or cycle counts at any time without closing your store
- ▶ Reduce mistakes from transferring pen and paper counting methods

- ▶ Work from real-time inventory data and not out-of-date data, while eliminating the need for uploading/downloading data

Requirements

- ▶ Currently licensed Eagle, Release 26 or higher
- ▶ Technology Foundation Platform
- ▶ One or more iOS devices:
 - Apple® iPod touch® or iPhone® 3G or higher (4G recommended) Apple iPad® or iPad2
 - Apple iOS 8.1 or higher
- ▶ Android 6.0 or higher with a high-quality camera
- ▶ Mobile or Wi-Fi Internet access

Optional equipment

- ▶ Socket Scanner Mobile
