### Compliance

Epicor FFL Compliance Manager Solution transaction workflows and internal controls are designed to make ATF compliance a native and intuitive feature of the application.

### Support

Help documentation, video tutorials and guided assistance are only a click away. Real-time, in-context walkthrough tutorials guide you through an intuitive user experience. Assistance is there when and where you need it.

### Reporting

Compliance reporting made easy with flexible, prebuilt reports and dashboards that give you valuable insight into your bound book activity. Perform self-audits and run ATF compliance reports on demand.

### Bound book

The solution is designed to streamline workflows and guide users through compliant Acquisition and Disposition entry. Easily create transactions with intuitive workflows designed to promote compliance and audit management. Ability to create multiple bound books with multi-bound book visibility under single owner. Transaction workflows include FFL validation with ATF eZCheck, serial number scanning, adding notes and attachments, and easily reviewing and editing transactions.

### Access Anywhere

Access your bound book from any web-enabled device. With no software to download or updates to install, your software is designed to be up to date allowing your focus to remain on running your business.

### e4473 and e3310

Leverage the e4473 Kiosk mode to allow your customers to easily complete Part A and seamlessly select and complete Part B for disposition entry. The 4473 forms are attached to the disposition transaction and are retained for quick reporting and auditing. The Epicor FFL Compliance Manager Solution will automatically search for multiple sales with the last five business days and initiate the e3310 form.

### Special Transactions

Epicor FFL Compliance Manager Solution is designed to manage special transactions including Loans, Theft/Loss, Interstate Theft/Loss, Found, Scrap, Destroyed, Repairs and more. Transaction workflows simplify the recording and tracking of special transactions in your bound book.

### ATF IOI Inspection Readiness

Use the one-click IOI Inspection feature designed to quickly perform an audit and package all the related compliance reports required to support an ATF inspection when the agent arrives.

# Epicor FFL Compliance Manager Solution Key Features

## Traces

The application is designed to conduct traces per the ATF regulation and records current and prior ATF and Law Enforcement traces to more easily perform traces and report on trace history. Trace firearms by manufacturer, serial number, model, type or caliber.

## Secure (Security)

The Epicor FFL Compliance Manager Solution uses role based security, Multi-Factor Authentication (optional), intrusion detection and vulnerability scanning service audits, database field level encryption and scheduled daily backups.

## Industry Expertise

Epicor delivers innovative technology that is designed to significantly enhance both ATF compliance and operational business performance.

## Firearm Lookup

Easily record firearm information during an acquisition by manual entry or selecting manufacturer, model, and caliber/ gauge from a growing list of firearm records for accurate transaction entry.

## Device Support

Barcode scanners, signature capture pads and document scanners integrate seamlessly into the workflows. Scan firearms, capture signatures and scan documents to further simplify and enhance the intuitive workflows.

## Import/Export

Import transactions from a previous bound book to enable a quick transition to the Epicor FFL Compliance Manager Solution. All bound books and reports can easily be exported to Microsoft Excel. Backups of your bound book information are automatically logged to the Electronic Compliance Report.

## Integration

Epicor FFL Compliance Manager Solution is designed to stand alone or integrate seamlessly with Epicor Eagle N Series®, industry-leading retail management software. Together, these applications are designed to reduce redundant data entries and sync business records.

## e4473 Kiosk Mode

Avoid bottlenecks at checkout and simplify the 4473 Part A process for your customers with Epicor FFL Compliance Manager Solution kiosk mode. Available for use on any device; the completed e4473 forms allow for signature capture, be retained for reporting and auditing, and link to the associated transfers.
