

FOR IMMEDIATE RELEASE

Modern Information Systems Joins Epicor Inspired Partner Network

Newly Appointed Value Added Reseller in Oman to Benefit From Advanced Sales, Training and Implementation Support from Epicor

DUBAI, United Arab Emirates, March 24, 2015 -- Epicor Software Corporation, a global leader in [business software solutions](#) for manufacturing, distribution, retail and services organizations, today announced that [Modern Information Systems](#), a leading provider of cutting-edge information technology solutions, is the latest value-added reseller (VAR) to join its [Inspired Partner Network](#) in the Middle East. Modern Information Systems represents Epicor in Oman and will sell and implement its enterprise resource planning (ERP) solutions, as well as provide after-sales support.

Based in Muscat, Modern Information Systems specializes in designing and developing professional and high-quality information solutions based on the latest computing technologies. It offers a wide range of products and services, making it a valuable partner for Epicor to further strengthen its presence in the Omani market. Epicor, in collaboration with Modern Information Systems, aims to primarily reach out to the manufacturing and oil and gas sector in Oman.

“The demand for ERP systems among Oman’s business conglomerates and the mid-sized sector is witnessing an upward swing, driven by the immediate need for effective IT solutions to streamline business processes,” said Anish Kanaran, channel director for Epicor in the Middle East, India and Africa. “In addition to rich technical expertise and marketing experience, Modern Information Systems boasts a robust customer portfolio and an excellent after-sales service record that will be highly beneficial to our customers. We look forward to a long and profitable partnership, providing companies in Oman with inspiring solutions that will help them grow their businesses.”

The Epicor Inspired Partner Network enables members to win more business, increase profitability, improve professional services revenue, receive expert assistance and lead generation, and acquire ongoing consulting revenue.

“We partnered with Epicor because of their next-generation solution Epicor ERP, as well as their range of complementary business solutions that can bring real competitive advantage to our customers,” said Hussain Al Naamani, founder and CEO for Modern Information Systems. “Epicor has emerged as a leader in the regional ERP market due to their visionary technology that is agile, robust and cost-effective. Joining their Inspired Partner Network will allow us to work closely with them and present end-to-end solutions for Oman’s ICT-driven enterprises. We look forward to a mutually

beneficial association with Epicor that will help us grow and prosper in the local market and add further value to our company's revenue.”

Epicor business software solutions are designed to inspire and maximize productivity across the entire organization. It continues to forge strategic partnerships with some of the leading names in the industry to streamline the manufacturing, distribution, services, retail, and hospitality processes via innovative approaches to designing, building, and using ERP systems.
