### **Epicor ERP Customer Boers & Co. Wins Coveted Manufacturing Leadership Award for Technology Leadership**

***Manufacturer Honored for Implementation of Next-generation Epicor ERP Enabling Faster Response Time and Improved Collaboration***

**AUSTIN, Texas -- June 10, 2015 --** Epicor Software Corporation, a global leader in [business software solutions](#) for retail, manufacturing, distribution, and services organizations, today congratulates Epicor enterprise resource planning (ERP) customer [Boers & Co.](#), a developer fine mechanical parts, high precision assembly and sheet metal products, for its award win in the “Enterprise Technology Leadership” category of the 2015 [Manufacturing Leadership Awards](#).

Boers was presented the award during a gala celebration held June 4 in Carlsbad, Calif. at the eleventh annual Manufacturing Leadership Summit, a unique, interactive gathering of manufacturing leaders from around the world. The “Enterprise Technology Leadership” category honors manufacturers that have revamped their corporate IT and communications strategies and systems, embracing approaches such as cloud computing, social media, and advanced enterprise software.

Boers was recognized for its excellence in implementing a new ERP platform that could provide employees on the shop floor with up-to-the-minute information to empower them to make fast yet enlightened decisions and support improved collaboration.

Boers selected [Epicor ERP version 10](#) to enable the company to transform its relationship with its customers. Boers recognized that the new ERP platform could support its strategy to roll out a wide range of Quick Response Manufacturing (QRM) techniques to facilitate the quick movement of jobs, projects, processes and information across the business to reduce customer lead times and efficiency to keep manufacturing moving, and to meet customer demands.

“Epicor congratulates Boers on this prestigious honor and recognition as a leader for embracing innovative technology to improve efficiencies and responsiveness to customer demands,” said Janie West, senior vice president and chief product officer, Epicor Software. “We are proud to deliver the tools to give manufacturers such as Boers deeper insight into their operations and easier access to accurate data to support growth, improved productivity, and exceptional customer experience.”

The Manufacturing Leadership Awards honor manufacturing companies and individual manufacturing leaders that are shaping the future of global manufacturing. Winning projects and individual manufacturing leaders have demonstrated achievement in one of a wide range of categories, and are chosen by a panel of expert judges for results that enabled the manufacturers to set themselves apart from their competitors and that have delivered clear and compelling value, return on investment, and other tangible outcomes.
