

FOR IMMEDIATE RELEASE

Glaze Granite & Marble Trading Selects Epicor ERP Version 10 to Boost Business Performance*Sharjah-Based Company to Streamline Operations with Award Winning ERP*

AUSTIN, Texas and United Arab Emirates, December 8, 2014 -- Epicor Software Corporation, a global leader in [business software solutions](#) for manufacturing, distribution, retail and services organizations, today announced that Glaze Granite & Marble Trading Establishment, a Sharjah-based natural stone company, has opted for the Epicor ERP 10 next-generation enterprise resource planning (ERP) solution. Epicor ERP 10 offers an end-to-end business solution through its unique five principles of responsiveness, collaboration, mobility, choice and simplicity.

Index InfoTech, an Epicor Authorized Value Added Reseller and a member of the Epicor Inspired Partner Network in the UAE, will implement Epicor ERP for Glaze Granite & Marble Trading.

Glaze chose the Epicor ERP solution because it is built on a next-generation technology platform that is easy to learn and configure, it is highly scalable and can be customized according to the changing needs of the company. The company is looking forward to consolidating the management of all its business operations, gaining complete visibility across its processes, from procurement to inspection and distribution. Glaze will implement Epicor ERP across three office locations within the UAE, including two in Sharjah and one in Abu Dhabi.

“We were looking for a leading ERP solution built on the latest agile technology and Epicor ERP 10 is a good fit to our business,” said Umesh Punia, managing director for Glaze Granite & Marble Trading Establishment. “We did a thorough evaluation of all the major vendors and found the Epicor ERP solution capable of handling customization with absolutely no disruption to core functionality. The decisive factor was based on our key requirement for accommodating dual units of measurement without modification to the core functionality, something that Epicor was able to demonstrate.”

“Glaze has selected Epicor ERP 10 in order to maximize their productivity by eliminating a range of business complexities,” said Jawad Squalli, regional vice president for Epicor in the Middle East, India and Africa. “Implementing Epicor ERP 10 will inspire Glaze to better manage its growth and focus on exploring new business opportunities regardless of location.”

Epicor business software solutions are designed to inspire and maximize productivity across an entire organization. The company continues to forge strategic partnerships with some of the leading names in the industry to streamline the manufacturing, distribution, services, retail, and hospitality processes via innovative approaches to designing, building, and using ERP systems.
